The score of each candidate is obtained by summing the points of each criterion multiplied by the respective weights according to the following formula:

$$C = CV80\% + MCI20\%$$

After determining the candidates' scores (C), each selection panel member will rank the candidates from highest to lowest score. Voting follows for the first place and each successive place. The candidate receiving the majority of votes will be selected.

If no candidate is selected in the first round of voting, the lowest-ranked candidate is eliminated, and the process is repeated with the remaining candidates. In the event of a tie, applying the previous criteria, the jury president will make the tie-breaking decision.

The selection panel will write minutes of meetings describing the evaluation and selection process, including a ranked list of admitted candidates and their scores. The CCMAR Board of Directors will validate the panel's final decision.

The jury reserves the right to close the competition without recruitment if the candidates do not possess the appropriate profile for the proposed functions. If the selected candidate cannot be appointed due to non-compliance with documentary requirements or other reasons, or if they

later terminate the employment contract, the jury reserves the right to appoint the next candidate in the final ranking based on a reserve list that can be used up to 12 months from the date of this announcement.
